Ultra Flake® Essential Finish 5 Coat System

Ultra Flake®

Ultra Flake® is a decorative, hard wearing, mould resistant and hygienic coating system that is perfect for any home or commercial area. This application is available in 5 varieties of finishes to suit both interior and exterior settings. From a semi-textured and slip resistant patio to a high gloss and smooth interior of home or office, we offer finishes to suit every client. Due to its range of colour options, Ultra Flake® systems have become a desirable and competitive modern flooring alternative to carpet and tiles.

Essential Finish: Semi-textured finish | Crystal Finish: Semi-textured gloss finish | Showroom Finish: Lightly textured gloss finish
Diamond Finish: High gloss finish | Grip Finish: Slip-resistant finish

Hyper Flake®

Hyper Flake® is a decorative flooring system that captures the beauty and warmth of a natural stone finish. An alternative to the traditional polished floor, offering a consistent polished concrete look and a finish that has been formulated with durability at the forefront of requirements. Hyper Flake® Systems completed in our Crystal Finish have a satin, semi-textured and seamless finish offering a modern, tough, hygienic and grout-free floor. Our Diamond Finish will take your floor to another level of sophistication with additional depth and gloss. Hyper Flake® Signature Series is an easy to maintain long term solution that brings elegance into your space. Don't settle for anything less than stunning!

Quartz Shield®

Quartz Shield is an exciting and versatile coating system developed by All Purpose Coatings. It offers a wide range of benefits and desirable characteristics, making it suitable for various applications.

The Quartz Shield system provides customers with options for different levels of slip resistance, depending on the grit used. What sets this system apart is the use of Quartz as the slip-resistant additive instead of traditional Silica Sand. The durability and hardness of Quartz Shield ensures long-lasting performance and visual appeal. The system is based on EPO100T® Tinted Epoxy, an APAS approved, Australian-manufactured product with 20 years of proven experience and excellence.
