

# CUT & COAT

POLISHED CONCRETE - SIMPLIFIED

HARD WEARING | HYGIENIC | NON POROUS | GROUT FREE

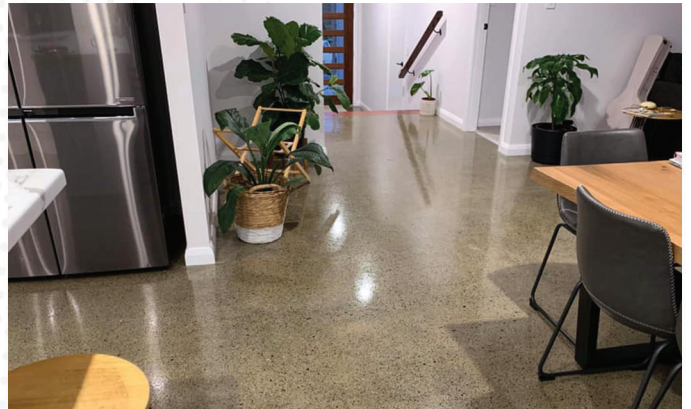

# POLISHED CONCRETE

## SIMPLIFIED

Cut and Coat or Grind and Seal systems are typically designed for coating where an industrial finish is the desired outcome.

This topical coating system is hard wearing, easy to clean and non-porous, providing a modern alternative for homes and commercial spaces.

Available in several different options including high-gloss, semi-gloss and satin.
